

VOLUNTEER WITH

CLASSROOM PLUS

Classroom Plus inspires students to create a vision for their future through career exploration

ABOUT

Classroom Plus focuses on business and career skills, offering a unique opportunity for business professionals and teachers to work together to educate students. Bridging the gap between lessons learned in the classroom and skills utilized in the workplace, this hands-on program brings speakers directly to students, as well as provides mock interviews, and more!

OPPORTUNITY

SPEAKERS present on all topics associated with business and career skills through a variety of virtual options. From interviewing to discussing a career in law, speakers provide essential information needed for success. Classroom Plus is offering presentations through four methods: live-stream to classroom, live-stream to students learning from home, personalized recorded presentations, and in-person where allowed. Each presentation is around 20 minutes and many topics have pre-made presentation materials that volunteers can use as they like (see right).

MOCK INTERVIEWERS conduct virtual mock interviews with students via video call. Volunteers come prepared with real world interview questions, along with a scoring sheet to provide valuable feedback.

A BestPrep staff member will reach out as opportunities arise.

BENEFITS

- Flexible opportunities, volunteer when your schedule allows and on which topics you'd like
- Inspire students to plan and prepare for their future
- Provide career awareness and real world experience
- Present a first hand view of the business world
