

VOLUNTEER WITH

CLASSROOM PLUS

Classroom Plus inspires students to create a vision for their future through career exploration

ABOUT

Classroom Plus focuses on business and career skills, offering a unique opportunity for business professionals and teachers to work together to educate students. Bridging the gap between lessons learned in the classroom and skills utilized in the workplace, this hands-on program brings speakers into classrooms, as well as provides mock interviews, and more!

OPPORTUNITY

CLASSROOM SPEAKERS present on all topics associated with business and career skills through a variety of virtual options. From interviewing to discussing a career in law, speakers provide essential information needed for success. Classroom Plus offers presentations through three methods: in-person presentations, virtual presentations, and pre-recorded videos in our video library.

MOCK INTERVIEWERS conduct virtual or in-person mock interviews with students. Volunteers come prepared with real world interview questions, along with a scoring sheet to provide valuable feedback.
