

VOLUNTEER WITH

FINANCIAL MATTERS

Motivating students to make sound money management decisions and become financially savvy

ABOUT

Financial Matters equips students with the tools necessary to develop sound money management skills. Industry professionals help students become more financially literate through interactive presentations. Available to teachers in grades 6 - 12, the program offers a variety of topics that provide real-life lessons in money management.

OPPORTUNITY

SPEAKERS educate students on a variety of financial topics. The Financial Matters Series has been developed with the help of the Allstate Foundation, the Minnesota Society of CPAs and the Foundation for Financial Planning to infuse real-world examples and interactive elements into PowerPoint presentations to provide students with hands-on experiential learning. Financial Matters offers presentations through three methods: in-person presentations, virtual presentations, and our video library.

BENEFITS

- Flexible opportunities, volunteer when your schedule allows
- Volunteers inspire students to plan and prepare for their future
- 100% of students who participate in Financial Matters tell us they have a better understanding of the importance of saving and investing.
