# Mock Interviews

Mock Interviews give students practice and exposure to the interview process.

Classroom Plus focuses on business and career skills, offering a unique opportunity for business professionals and teachers to work together to educate students. Bridging the gap between lessons learned in the classroom and skills utilized in the workplace, this hands-on program brings speakers into your classrooms through virtual and in-person options, as well as provides mock interviews, and more!

Mock interviews are a way Best Prep can help High School students gain real life, invaluable experience in preparing for a job market. It is a "safe" environment; students can learn how to improve the way they answer questions, and tell their story for a prospective employer.
