

The Stock Market Game

2020 Program Recap

A group of four diverse students are gathered around a table, each holding a tablet. They are all smiling and looking at the screens, which display various financial data and charts. The background is a plain, light-colored wall.

Introducing students to the global economy, business, and the power of investing

Annual Program Impact

10,047
students

205
educators

184
schools

123
volunteers

"This is, for many, a once in a lifetime experience. It gives students the knowledge and the perspective they need to one day become smart investors."

-Peter Branstad, North Senior High School Educator

Program Results

- 99% of teachers said students better understand the risks and rewards of investing.
- 98% of teachers said students improved their financial literacy skills.
- 98% of teachers said students have an increased awareness of how real-world events and trends affect the stock market and economy.

"SMG was a unique opportunity to help students learn real life skills. We not only learned about financial literacy, but had a lot of conversations regarding current events and how they were impacting the stock market."

-Jessica Batemen, Dodge Middle School Educator

About The Stock Market Game (SMG)

Students in grades 4-12 work in teams to invest a virtual \$100,000. They gain business, math, economics, financial literacy, and critical thinking skills as they research and collaborate to make smart investment decisions. Thanks to its online format, students had access to SMG during distance learning in spring 2020.
